

## Family Church

It is always great to have the church which is our home sending church partner with us in ministry. Since Family church is only a few miles from where we lived prior to coming to Mexico we know a lot of people.

The team partnered with the Angels and we went to a ranch north of San Vicente and held programs for Children each day. It is awesome to see a few adults standing watching their young children learn about Jesus and of course they hear also.

The lady with whom we deal with to gain permission to access their ranch came by and expressed her appreciation for what we do for the people. She also wanted to know if we could come more often because they see a difference in the children after we have been there for a week.

For a project the team framed a house for a family in the church which are very active in ministry but he is very limited in his activities due to a heart problem. He is 37 and she is 26 and with three children 9 and under it is a challenge. This family showed more appreciation then I have ever seen in Baja.

House Building

**The goal of our lives isn't to be found with a big ministry or money. The goal is to be found faithful to Jesus**

## Sustainable Church Multiplicaton

For two weeks in February Paul Goodner and Charles Ulibarri, who serve with Action International Ministries, partnered with us to train pastors in two local churches in San Vicente and Senamex Bible College in Tecate, Baja California.

One of the churches in San Vicente we just started working with in the past few months, and are excited about the possibilities this may afford us in the future. The Bible college in Tecate is also new for us and seeing the reaction of the students was very rewarding. Their comments were that this was the most practical series of classes they had and it generated discussion outside of the classroom also. We spent four days on campus with the students eating, sleeping, and interacting with them. The leaders in each location have asked if we would come next year for more training and we have a tentative date set.

## New Auditorium in San Vicente

Our church in San Vicente has a new auditorium. A group of students from Point Loma University in partnership with a church building ministry built a new auditorium designed to seat 300 people. This doubles the size of what the church had and will help them as they continue to grow.

## Praise and Prayer

- Praise for a great week with Family Church team
- Praise for the positive results of the pastoral training with Paul and Charles in February
- Pray for the Angels as they take more of the ministry role this year
- Praise for the Angels and their desire to serve God and grow in the personal relationship
- Pray for wisdom as we partner with churches and pastors and work with the Angels

<sup>5</sup> Trust the LORD completely, and don't depend on your own knowledge. <sup>6</sup> With every step you take, think about what he wants, and he will help you go the right way.

Proverbs 3:5-6 (ERV)
