

Mapleview

Pastor Jon Bones brought his youth group back to San Vicente to partner with us and train his young people to serve. It is always a pleasure to have this group come and watch them as they have prepared so well for sharing the good news of Jesus. This year we did a prayer walk in San Vicente and a couple of children's programs at a ranch north of town plus they picked up trash on the streets of San Vicente. It is always interesting to hear the comments of the local people when they see young people from the USA picking up trash on their streets. We have even had people tell us it is embarrassing to have visitors cleaning their town when they never see locals picking up the trash. This is often a great opportunity to share about Jesus and his love. Since God loved us without any preconditions why would we not show love to others and cleaning the streets is one way of doing just that. Thank you Pastor Jon and your team.

Mapleview Baptist Team

Doctor Hunt & Family

Dr. Hunt came and served with us for 3 days of ministry. It was a wonderful addition to the team from Denver and with his training and experience added so much to the week. Not only did we love having them but Lynne and I found we really enjoyed them as "friends" from our home state of Oregon. We had many conversations between ministry events and truly enjoyed having them serve with us.

An interesting note: When we told Kim, our daughter, who was coming her comment was I know Dr. Hunt and worked with him at the Salem Hospital. When they arrived we asked if he remembered Kim and his affirmative response provided another interesting connection. We do hope they will plan a return visit to use his training and skill to enhance the ministry in San Vicente.

What could you do
-What could God do through you-
If you stopped waiting

Good News Community Church

Jeff Hoepfinger led a team from Good News to San Vicente in late July and was very flexible with location and style of ministry. This gave us the opportunity to partner not only with a church in Ensenada but also with a Doctor and his family from Oregon. Monday and Tuesday of their week we traveled to Ensenada and partnered with our good friend Pastor Francisco Camacho in his ongoing children's ministry. The Angels joined us and led the Children's ministry with the assistance of Good News while the Doctor was seeing patients in another part of the same building. Lynne and I appreciate so much the flexibility of Good News and their openness to not always fit the same mold but rather to assist with different styles of ministry. During the week the Angels led six people to a personal relationship with Jesus. By the end of their week it appeared everyone was tired but really happy and pleased with the week. We look forward to their return next spring and another amazing week of ministry.

Craig Libby and Family

Another real privilege was to have Craig Libby and family with us during the week of Good News and Dr. Hunt. This couple works hard in the Mexican Medical mission office and makes our ministry so much easier and more effective. Therefore, having them serve with us was not only a benefit but a real pleasure. Craig and his family are not only ministry associates but great friends. Thank you Libby family for giving a week of your life to partner with us.
