

Roseburg Alliance Church

The second week of August we were honored to have Roseburg Alliance (RAC) return for another great week. They partnered with the Angels for a Children's ministry at a ranch for migrant children. The Angels led the teaching while RAC provided encouragement, a craft each day, and a snack for everyone attending. Tuesday morning the team partnered with the Angels for a prayer walk on the streets of San Vicente. On the prayer walk they went door to door asking people if they could pray for them. Each time we do this they get a wide variety of responses from "no, why would you do that" to "please, I need prayer".

The team raised extra funds and built a house for a church family. The church leaders chose who is worthy of a house and the family must buy the land, and with the church, prepare the building site including the floor. Our team then comes in and builds the walls and puts on a roof. We also do the electrical wiring, insulation and sheetrock. It is then up to the family to finish the house as they choose.

For Lynne and myself it is always exciting to see how God will use the team, the Angels and the local church to change the lives of everyone involved.

Pastor Ricky did an awesome job leading the team and Doug Bentley did amazing in raising the funds for the project.

Health Challenges

While traveling the west coast to share about the ministry in San Vicente we have had to make some changes to our plans. Early September Dave was admitted into the hospital for extremely high blood pressure and heart rate. He was diagnosed with "Atrial Fibrillation". Due to this problem we have moved into a 5th Wheel, on loan from Dave's brother, in Salem, Oregon. At the advise of the doctors it appears we will be calling this home until after Christmas.

Mexican Medical has graciously given us the time needed to allow the medical professionals to correct and stabilize Dave's problems. It is our desire and that of the mission to return to serve several more years in Mexico.

We would appreciate your prayers for wisdom of the medical professionals and that we will be able to return to Mexico.

Family Visit

In August our Jon & Patti came for a visit with their children. It was so much fun to have a week with family and of course we got to show off our grandkids. Patti spent 18 months in Baja as a short term missionary several years ago so she is very comfortable in our environment.

All of our family, except a couple of the youngest have been to San Vicente. This has given our family to see and meet first hand the people we are privileged to partner with for Jesus.

MDU

The mobile dental unit (MDU) continues to be used as one of the best tools to attract people to our outreach events. People will come to have the dental needs met and as a result we have the opportunity to share about Jesus.

We also have other ministries who ask us to provide the MDU for their outreaches. By partnering with other ministries the effectiveness of the MDU is expanded but still for the intended purpose of reaching people for Jesus Christ. When the MDU is used by other ministries we ask for a small donation to assist in defraying part of the cost.

This partnership also provides an expanded opportunity to meet people and build relationships with the goal of seeing lives changed.

"I've learned that people will forget what you said, people will forget what you did, but people will never forget how you made them feel."

Maya Angelou

The Angels

The Angels are not only continuing outreach ministries but have expanded the ministry. Just in the past week they sent us a short video of their children's outreach in a new location. This discipleship ministry team is doing exactly what we endeavored to train them to continue. How awesome to see young people successful for Jesus.
