

## The Angels

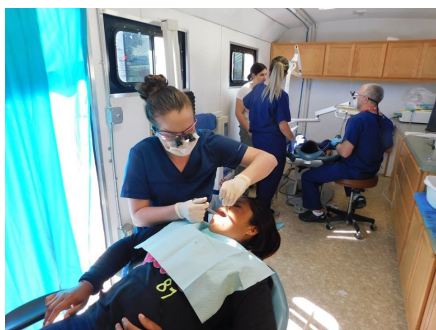

The Angels continue to expand and Alba tells us they have added a couple of new young people to their team. They started preparing for their missions trip which is in early January when they plan to return to Nayarit where they are training other young people to disciple their peers. Each person planning to be part of this missions team must raise 3,000 pesos (nearly \$200.00 USD) just to pay their part of the trip expenses. Plus they are required to attend a weekly training session. (About 20 classes)

Lynne and I are thrilled to see Alba raise the expectations and requirements to be part of this adventure. The added training only enhances their ability to pass on what they have learned and assist others to be more effective as they serve Jesus.

Making disciples is what Jesus taught us and provided the example with the 12 men He trained and sent out. Our goal for The Angels has been to "Disciple" these young people so they would be prepared to do exactly what Jesus did with His special men. How exciting to see them doing exactly that!

## Dave's Health

Update: In August Dave had a checkup with the Cardiologist and he told us that Dave's heart has been skipping beats. This was most likely the cause of his light-headedness. The solution was a "Pacemaker". So a couple of weeks later he checked into Salem Hospital and within three hours was on his way out the door. Since that time he has had a couple of routine checkups and everything appears to be normal. After the last checkup he was cleared to return to Mexico but they want to see him in December for another checkup. For those of you who knew and prayed, Thank You!

## Fall trip in the USA

Each year we have taken some time to visit our supporting churches and this year was no exception. We find it exciting and love to have the opportunity to share with people what God is doing in San Vicente.

Through the years the ministry has changed. The most significant and exciting change has been to see the nationals take the leadership of each ministry which was started. This change took longer than we had initially planned but that is not a problem. God has the perfect timing all laid out in His master plan.

With so many groups coming to partner with us in San Vicente our sphere of relationships has expanded for which we are grateful. It was awesome to see many of you and have the opportunity to learn what is happening in your life and that of your churches. Especially rewarding to hear how God changed lives and what has happened since being in Baja.

God has given us some amazing people who are faithful to pray for us and be a vital part of the team to support the ministry in San Vicente and beyond. Thank you for your faithfulness in prayer, encouragement, and support. Without you we could not be in Mexico.

## Lynne

Lynne has been doing very well and even though she has had concern for Dave, she knows that God is in control. She loves to visit her children and grandchildren and was thrilled to have all the grandkids together in Oregon for a week. She continues to enjoy her part of the ministry, which is much more in the background but still vitally important. Without her it would be impossible to have had the quality of ministry we can have together. God gave me a great lady who is of strong character and loves Jesus, plus wants others to know and experience this same great God.
