A Publication of Dave & Lynne Johnson

Hope International University

Gary Sheveland, one of the missionaries with Mexican Medical, serves as a representative for Hope International. Gary and his team of professional teachers/pastors are bringing advanced training to various areas of Mexico. For those who attend all 8 of the three day classes will receive a certificate from Hope. The Classes will continue every other month for the next year and half.

We are so excited to be able to host these classes right here in San Vicente. Most of the people attending would never be able to go somewhere to attend this training and so we bring the training to them.

The classes were held Monday thru Wednesday evening the last week of January and over 70 people attended. After the last class several people commented about how much Bible training had been presented. They said it would take some time to think through all the material and were excited about the entire course.

Thank you Gary for your willingness to bring this opportunity and training to this small town in Baja.

Bible Classes

Canadian Church Vist

Ken Jaarsma and his church team (Victory Church) came to San Vicente for a one day visit. Ken has been in San Vicente many times before in fact spent two months with us a few years ago as he was seeking God's leading for a possible change in ministry. Eleven of his fellow Moose Jaw, SK church members enjoyed a lunch provided by the local church and heard about the ministries of the Nazarene church and how they have developed over the past several years.

After hearing about the church ministries and the sewing ministry led by Lori, they came to our mission base. While at our base we had a great time answering questions about our ministry and then partnering with the Angels for a prayer walk around the community.

In the evening they went to the mid week service at the Nazarene church. It was a great time to visit as Betel, one of our former Angels, was sharing about her ministry in north central Mexico as she is training others to minister in Mexico. After the service the team returned to Ensenada where they have been serving at their churches mission base.

Your present place was not intended to be your final destination, but God's workroom to prepare you for your final destination. – Paul David Tripp

Thank you for your encouragement and Prayers
