

Bible Classes

Paul and Jean Goodner blest us the last week of April with Pastor/Leadership training based on the Bible. This was the fifth year of the series and we had thought it would be the last in this series. However, on Friday evening when the class ended nearly everyone in attendance said they had learned so much and asked them to return next year. So, we are planning another week sometime next spring. Always exciting for Lynne and myself when the nationals want more training.

We also had classes three afternoons for the Angels and they also went very well. It is thrilling when you hear how much the youth know about the Bible and are asking questions which show real thought. They ask more challenging questions than many adults which indicates to us that they are studying the Bible regularly.

MDU

After 15 years of managing the Mobile Dental Unit (MDU) we had to step down last fall due to Dave's health issues. The MDU has been an awesome tool to attract people to outreaches where they hear about Jesus and the amazing gift of forgiveness and eternity with Jesus.

Since we stepped down Mexican Medical has been looking for someone to take our place as managers of this ministry. Ideally it would be someone with experience in pulling trailers in a variety of situations. Lynne and I are willing to share our experience and share what we have learned.

There are many outreaches scheduled over the year many of which are annual outreaches. This ministry could give you a unique opportunity to use your experience to serve God. Lynne and I have had a wonderful experience over the years and met and developed many friendships.

If you would be interested in this unique ministry please contact us or Mexican Medical.

"We are all faced with a series of great opportunities brilliantly disguised as impossible situations."

Quinceañera

In early May we were invited to a Quinceañera for one of the young ladies who is part of the Angels. Genesis was about two months old when we moved to San Vicente so she is one of the youth whom we have watched grow from a little girl into a delightful young lady. When we were first invited we had plans for the special day and told Genesis we would not be able to attend. She went to Pastor and asked him to talk to us. Genesis asked him to convey to us that we had been very important in her life and especially in making Jesus an important part of her life priorities.

A couple of weeks before the special day our plans were changed and we were able to attend. It has been so special to see this girl grow and mature into a young lady. Her mother and father have been so supportive of her involvement with the Angels and tell us often how much they appreciate our involvement in Genesis' life.

She is another example of what God is doing in San Vicente to change lives and make people into disciples who endeavor to lead others to be disciples of Jesus
