

Bethel Baptist

What a fun week we had with the team from Bethel. Mike and Shiela Uphoff led this year and did an outstanding job. It was a small team but they were awesome. Bethel has sent many teams to partner with us and this was the smallest ever but each member did their part.

The first couple of days we joined the San Vicente church assisting them with their new church plant in Ojos Negros (2 hours northeast). It was fun to see the interaction between the two groups and they had fun painting the auditorium and having Children's outreaches.

Returning to San Vicente we did another day of children's ministry at a local ranch, a prayer walk, a birthday party with the Angels, plus an afternoon at the beach.

This church has been faithfully supporting us for many years and while Dave was being treated for his medical problems we had the opportunity to join them often for their mid week missionary prayer time. We are grateful for this church and their faithfulness in prayer, support and sending teams.

Praise and Prayer

- ◆ Praise for new members of the Angels
- ◆ Pray for the youth who are attending Bible school and missions school
- ◆ Praise for Alba's leadership of the Angels
- ◆ Pray for us as we travel to share about the ministry
- ◆ Praise for Dave's improved health and the ability to be in San Vicente for the summer

Angels

Two more of our Angels and former Angels have started the school of missions. Abi, a new member of the Angels who is really excited to have the opportunity to go to school and learn about God. Victor, who has been one of Dave's special "projects" for several years. Both of these young men have potential to be awesome men for God. In addition Alejandra will graduate from Bible school at the end of this semester.

Milbrea

Again this summer we had the opportunity to partner with Dr. Jobie and Dr. John from San Francisco. It is always a pleasure to work with these men and to hear how God is using them both in their church and lives. These men provide us with a week of fun, laughter, and just good all around enjoyment. Their church makes us part of their team and takes excellent care of us during the week.

While serving with them in Ensenada we are partnering with a local pastor, and his church, with the goal of helping him reach more people for Jesus. Pastor Francisco has a great ongoing ministry to people in two poor areas of the city and we love assisting him in that ministry. So glad we met Pastor Francisco years ago and having the honor to partner with him over the years.

Mapleview

Even though this was a small team they were awesome! Like all our summer teams we partnered with the local church in San Vicente to assist them with their new church plant in Ojos Negros for two days. When God's people work together as one team so much can be accomplished. Working with the Angels, they painted the inside of the house for Isidro, the pastor, and his family will live.

Had a prayer walk, children's programs, burned some tree trimmings while in Ojos Negros

Then moved back to San Vicente and with the Angels held children's programs at a ranch in Santo Tomas for two days. Painted part of the fence around our mission base. With the Angels, did a prayer walk in the neighborhood around the mission base.

Blaze did a great job leading his team and we look forward to partnering with him next summer also.

Blaze's dad came and cooked for the team and I, Dave, enjoyed talking with him about his work in the film industry.

Problems are like washing machines! They twist us Spin us! And finally turn us around! But in the end, we come out CLEANER, BRIGHTER And BETTER than before.
